

Premium Features Demonstration

This document showcases the latest features added to mr-pdf library: Rich Text, QR Codes, Individual Cell Styling, and Watermarks.

Feature	Demonstration	Details
1. Rich Text	This is Bold Text and this is Red Text. You can even combine [#0000FF]Bold Blue[].	Uses simple Markdown syntax and hex color tags.
2. Cell Styling	I have a yellow background	I am very BIG
3. QR Codes		vector based QR code generated instantly. Lightweight and sharp.

You can also render QR codes independently:
